

Siem Reap, Cambodia, 29th JANUARY 2018

Dear **Benefactors** and **Friends**.

Premiering 2018, we have a lot of news to share, especially with the people who make it possible for us to help by palliating, modifying, searching for solutions, our beloved Benefactors.

Many **THANKS** for making these images possible, for being part of them.

FIVE new residents in DEI KOMA – The Children´s Land.

We work cooperating with other organizations as a residential care alternative center for children and young people victims of human trafficking, abuse and exploitation. These new residents have suffered terrible situations, all are in court procedures waiting for resolutions. Their community of origin ceased to be a safe home, being us their alternative to have security, care and grow with their rights and responsibilities.

We are looking for Benefactors willing to support their budgets in Education Scholarships and Home Care. Please, if someone is interested to contact the email below.

FAMILY Program: Cooperating with Families in the Community.

The SRENG Sisters receive scholarships in the 7th and 9th secondary school courses. Each month we visit them, we distribute academic and hygienic material and we talk with their teachers. Education as a tool that changes families. The father has not strong health and the mother is blind.

Mr. MIX, with a severe problem of uric acid and abandoned for a decade. We have supervised him for the last six months with medical visits, disinfection of sores and medication. Health as a tool that changes families.

The **BONGRIEN** sisters, abandoned by their parents, with an elderly grandmother who died a few months ago and who we helped through the Diamond Program for 4 years. We are in the process of considering the best solution for them. We supervise their situation, bring them food and products of hygiene, assessing if there are relatives who can take care of them or if the local authorities offer us an alternative solution. Protection as a tool that changes families.

Many thanks to LIZ, once again, who shared with us her knowledge and skills at the stoves. A fantastic afternoon, in which all together, under her baton, we cooked dinner. A whole variety of new flavors, aromas... and an amazing chance to learn by mixing and combining.

Donations arrived from everywhere. Many thanks for sending packets and this time with clothes !!! So happy to open them, discover the contents and share them all ToGeThEr.

Thank you very much for your **Trust**, your **Devotion**, the **Enthusiasm** and above all, your **LOVE**.
