

Siem Reap, Cambodia, March 2019

Dear BENEFACTORS & FRIENDS.

We are pleased to announce great news, which we have been looking forward to share with all of you for some time.

On March the 7th, a relevant meeting took place at the Ministry of Social Affairs in Phnom Penh, Cambodia. This meeting gave recognition and approval, by the government representatives of this ministry, to the work of 11 organizations throughout the country, of which 2 came from Siem Reap, one of them being us, **TOGETHER FOR CAMBODIA**.

It has been months of preparation, to comply with all established protocols, both in documentation and in the daily execution of our work. We were supervised by two teams separately, at the beginning of October of last year. Visits on which we kept you informed in the bulletin of that month. We have demonstrated our broad capacity to take charge of the protection, care and development of vulnerable children and youth in Cambodia.

They arrived as children, today they are two young people who are part of the NGO's management. They take their first flight as executive team of the event. We feel much more than proud!. Do not stop dreaming, very high, up to the stars!!!.

We have been recognized as one of the best organizations, with an extraordinary center that stands out for its high level of preparation in the guard and care of the children. Our **ALTERNATIVE CARE CENTER FOR CHILDREN**, has become a referent, after signing an agreement in a memorandum of understanding with the government of mutual cooperation, for a renewable period of 3 years.

From these lines I want to **THANK** all the people that have made it possible, and without which we would not have achieved such a relevant goal:

- I **THANK** our beloved **Benefactors**, for their perseverance, for always being present, for loving us and taking care of us.
- I **THANK** all the team, who day after day, from their respective positions have developed their work with a high degree of commitment and devotion, led by a professional director, **PISETH**.

AUKUN
